Important!

HOA by-laws require that all external additions and changes to properties must be approved by first the Architectural Review Board (ARB) and then the HOA Board Members. First, please review the Design Review Manual at www.heatherlake.org/reviewboard.html. Then contact Virginia Ware (918-289-1248) to notify the HOA of your impending submission. Next, please present two physical copies of plans to the ARB for review. Following such procedures ensures changes and additions will comply with existing HOA and community design rules. Please understand that no work should begin without prior approval.
